

Deployment Announcement:

The deployment on Thursday, December 12 will include the following:

KAMIS General:

Customer Heading: Will now reflect the Name of the Organizations associated with the Customer instead of the Organization Number. Hover over the name and the Organization Number will display.

The Organization Number will still be reflected in the Person Search table.

Home Page: The “Re-Assessment Report” button on the KAMIS Home Page will now read “Reports – New Format” as there are now BASIS Specific Reports available.

Person Administration:

- New Region on the front page of the Person Administration – HCBS Waiver Eligibility Information
 - Will reflect the information KDADS is receiving from a monthly file from the DCF/MMIS system regarding Waiver Eligibility.
- Medicaid ID Number field added (next to SSN)
 - The number may be entered at this location or within the assessment as previously. It will reflect in either location.
- A new tab “Additional Information” added for the IDD Customer specific information.

Forms Added: Will not be available until Monday, December 16. Announcement will be sent via e-mail when available.

- BASIS DD Assessment
- BASIS Child Assessment
- Age Worksheet
- BASIS Special Assessment Request Form

Security Access is needed to be able to access these forms.
